MDS MOMENT: Earlier in January, MDS sent an investigation team, including Executive Director Kevin King, to Puerto Rico to assess recent earthquake damage and to determine the need for recovery assistance. MDS teams, partners, and members of six Puerto Rican churches distributed food and tarps to rural areas in the mountains north of the epicenter. They also gathered, prayed, and worshipped together as tremblors continued and people slept outside for fear of being inside. The MDS homes built, and repairs made after the Hurricane 2 years ago survived without damage, thanks to special engineering to withstand earthquakes! MDS National is accepting donations to support the recovery effort there, and will continue to coordinate with local Puerto Rican MDS Units and partners as it becomes safe and possible to return to work there. As always, you may contact our MDS Representative, Lydia Cox, or visit [mds.mennonite.net](http://mds.mennonite.net) for more information.
